Dear Undine,

I would like to thank you again for all your assistance and for all your devotion that you dedicated in organizing the Workshop that took place in Frankfurt on June 13, 2007 with the Hoteliers from the Tel-Aviv Region.

We will have a discussion concerning the method on the way of making similar events in the German market and we will decide about the continuation . I will inform you .

I'm certain that there will be a continuation in the co-operation between IGTO Berlin, you and us also in the future .

Thank you for every thing .

Best regards,
